

Hello
and welcome
to the
MyQ family!

ThanQ for downloading
the MyQ X Smart Edition.
To get the free license
after installation, please
follow these steps:

- 1) Go to the [MyQ Community portal](#) and click **Log in** at the top right corner.
- 2) If you are already registered, enter your credentials, and click **Log in**. If not, click **Not a member?** and fill in your information and click **Sign up** to self-register.
- 3) Once you're logged in the MyQ Community portal, click on **MyQ X Smart** on the main ribbon and select **Get MyQ X Smart License**, fill in the mandatory information and **click OK**.
- 4) Your new Smart Project is created. To get your installation key, click on the **Installations** sub-tab. Click the **Show installation key** button and copy the installation key.
- 5) Go to the MyQ web administrator interface. In the Quick Setup Guide, under License, click **Enter License** (or go to MyQ, Settings, License).
- 6) In the License settings tab, fill in the mandatory information and paste the installation key you copied into the **Insert the Installation Key** field. Click Save.
- 7) In the pop-up window, click **Activate**. Network connection is required. If you want to activate your license offline, contact MyQ.

Find more detailed steps including screenshots in the **MyQ X Smart Quick Setup Guide** which is also part of this package.

Find online versions of all MyQ documentation and guides on the new [MyQ Online Help page](#).

With MyQ X Smart, you are eligible for software updates and technical support in the form of a **MyQ-moderated discussion forum** on the Community portal.

Additional modules available to you with MyQ X Smart

Enhance your MyQ experience by [downloading 3 additional modules for MyQ X Smart](#) ("Clients"):

- **MyQ Mobile Print Agent** for enabling AirPrint and Mopria for users
- **MyQ X Mobile Client** for [printing via smart phones or tablets](#)
- **MyQ Desktop Client (MDC)** for additional MyQ X features such as user identification, print job encryption, integrated job parsing, job accounting, and alternative printing options such as client spooling, fallback printing, etc.

Upgrade to the Enterprise Edition
and unleash the full power of **MyQ X**!

Upgrade to the MyQ Enterprise Edition to get full helpdesk support and our unique personalized MFP panel interface – the MyQ Embedded Terminal. Customize single-click scan and copy functions per user and enable many other advanced features – check out the online demo at showcase.myq-solution.com!

We're happy to assist with the upgrade – reach out to info@myq-solution.com.

Your MyQ Team
